

Praiseworthy

Thanks for article on 'heart and soul of Seahawks'

I opened the paper this morning to find a wonderful and heart warming story "heart and soul of the Seahawks"! James and his son Jerry have been in the baseball community of Santa Cruz for many years. Many programs have shared and been supported by the Skolnik family. Bob Kittle (and his staff) have once again, as they have for the 17 years I've known him, shown their commitment to our youth. Through his summer camps, Little League clinics and stellar Santa Cruz High School and Cabrillo teams he has "given" to our community time and time again. Thank you Coach Kittle. We are truly blessed to have you. And thank you Sentinel for your continued coverage of county sports.

Cabrillo students excel at making metal jewelry

I was so impressed at Cabrillo College Saturday morning (May 9). I followed the signs for "Jewelry Show" up at the horticulture building, and found the most creative, beautiful, well made, actually exquisite in many cases, pieces of metal jewelry made by the Seahawk Metal Arts Club at the college. Kudos Cabrillo College, and kudos to the students of metal arts. They do this show one time per year, so keep your eyes open for it next May.
